The nature and the authenticity of our Cathar country await you, alone, in group, or with your family, for one day or for several days. Come to create memories in total immersion with the nature in authentic places and charged with history.

### Peyrepertuse by foot on the GR

The picturesque village of Duilhac sous Peyrepertuse on the trail «Sentier Cathare GR367» is an interesting halt to do.

There is no doubt, the most spectacular halts on the trail coming from Tuchan are the village and the castle. Approaching the village, the trail in the wilderness starts leading through vineyards.

Following the signs, the trail leads you through a few welcoming town lanes before you reach the Castle of Peyrepertuse.

### Take a bath at « Le Moulin de Ribaute »

It is a must do when it is hot. After the visit of the castle you'll appreciate this fabulous site with a small lake and the canyon of Verdoubert. The water flows through a succession of waterfalls, pools and small lakes that have been dug into the rock. The bathing is supervised only in summer in periods and conditions defined by a municipal decree. You succeed in 5 minutes from the D14. There is a possibility to park your car on a parking place (cost 5€).
